How the T-Rex Moves to Rhode Island
By Preston B.
Once upon a time, there was a dark gray T-Rex who loved to eat pigs. The T-Rex lived in California. One day all the pigs in the world were trying to take over California.
The T-Rex ate all the pigs so they wouldn't take over. The T-Rex was very full.
Then the T-Rex sees a goat and gives up because he is too full to eat anything else. The goats take over California and the T-Rex moves to Rhode Island.
About the Author

Preston is 7 years old. He loves to eat fish and read about Jurassic Park. He has one younger sister.
