Works Cited

Your **Works Cited** page is an alphabetical list of all the sources used in your research.

- Sources are alphabetized by author or, if no author is given, by title.
- Second and third lines are indented one tab.
- Your Works Cited page is the last page of your report.

**In text Citations:**

Any source information that you provide in-text must correspond to the source information on the Works Cited page. More specifically, whatever signal word or phrase you provide to your readers in the text must be the first thing that appears on the left-hand margin of the corresponding entry in the Works Cited List.

**Example:**

A library media specialist may or may not need to be a certified teacher before earning library media certification. “According to the BLS, library media specialists must also have teaching certification in nearly half of the states in the country.” (Library Media Specialist)
